

Onmark GPO
Trusted Expertise, Superior Rheumatology Drug Savings

Are you getting the most out of your GPO?

We're entering a new era of care delivery, and with it comes the challenge of managing the costs of exciting new therapies for a growing patient demand. While any GPO can offer you discounts, the Onmark® GPO has the proven expertise and track record you can trust to help your practice maximize the full savings available on your drug purchases.

The Onmark GPO Model

Onmark's primary focus is getting our members the best pricing possible on their drug purchases. While our members also have access to great McKesson tools and services such as inventory management and medically integrated dispensing, **we believe a GPO should be focused on getting you the best price possible on your drug purchases and have the results to prove it.**

With the Onmark approach, our members have access to:

A Best-In-Class Contract Portfolio

A Proven Team of Experts Helping You Achieve Additional, Performance-Based Savings

Savings on More Than 30 Top Rheumatology Drugs and Growing, Including Oral and Self-Admin Products

Tools to Track Your Performance

What's Our Secret?

Providing the best contract portfolio means working closely with our Rheumatology members to understand their needs and provide beneficial drug savings.

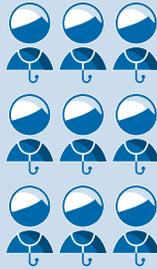

Contact us at msh@mckesson.com to learn more about our membership benefits.

Always looking for more

The Onmark GPO stays ahead of new trends in Rheumatology and is always working with manufacturers to deliver new contracts or expand savings on existing contracts for Rheumatologists. Our approach often allows us to offer GPO pricing at the time of product launch, as well as additional, performance-based savings opportunities for top Rheumatology products.

A growing membership and results you can trust

We continue to invest in and support our Rheumatology members:

We represent more than

1200

Rheumatologists

In 2017, we increased Rheumatology drug contract savings year-over-year by

200%

We have delivered more than

\$250M

in savings and performance-based rebates to our members in 2017

Significant savings on top Rheumatology products such as Remicade, Simponi Aria and others.

So whether you're already familiar with your Onmark portfolio or interested in learning more, reach out to your McKesson representative and see what the Onmark GPO is doing for you.
